**Environment and Sustainability in China Study Tour 2015**

## Student Movie Presentation Evening

Please join us for a screening of video presentations produced by students who participated in the 2015 *Environment and Sustainability in China Study Tour* in Shanghai and Beijing. In these videos, the students will showcase what they learned in China on topics including food and water security, renewable energy, urban sustainability, and Chinese environmental policy.

The 2015 Environment and Sustainability in China Study Tour is a collaborative venture between La Trobe Asia, CERES Global and the La Trobe University Department of Politics and Philosophy. The tour was funded by an Australian Government *New Colombo Plan* mobility grant.

**7:00 PM, LIMS LECTURE THEATRE, LA TROBE UNIVERSITY MELBOURNE CAMPUS.**
